

# Tri-County Group Urges Flood Control

Two resolutions were adopted at a meeting on October 21 of the Tri-County committee, working on water problems of the Fox River Valley and Chain of Lakes area.

Representatives of Lake, McHenry and Kenosha counties met at 7:30 p.m. at the Wilmet High School. Flood problems assumed top priority in the discussions. It was pointed out that flood damage in 1960 in the area amounted to two million dollars; in 1962, damage amounted to one-half million dollars.

The committee adopted a resolution recommending that each county in the group, and municipalities within each county, be urged to adopt flood-plain regulations controlling the use of land on the Fox River and its tributaries. The committee urged that land along the river be zoned to control its use for recreation, etc.

The committee adopted a second resolution to request the U. S. Army Corps of Engineers to provide the committee with an interim report regarding the findings of the study of the Fox River Valley to date.

The study by the Engineer's Corps was first authorized in 1949. In 1961, additional appropriations were made and the Corps authorized to make a study of Fox Lake and nearby areas.

A final report of the survey was never made. The work was temporarily suspended, pending a proposed study in adjacent areas in Wisconsin. The Wisconsin survey is being conducted by the Southeastern Regional Plan Commission.

The Tri-County committee is composed of 20 representatives from Lake, McHenry and Kenosha counties. Their purpose is to solve water problems in the three counties.

Robert Morris, Director of Public Works, is chairman of the Lake County committee. Other members are the Superintendent of Highways, the Director of Building and Zoning, the Director of the Planning Board, and the chairman of the Highway, Public Works and Zoning committees. Kenneth Henke, chairman of the County

## Carlucci and Son Hurt in Accident

Dr. Richard Carlucci, 615 Highland Ave., Antioch, and his son, Richard, Jr., 13, were injured in a car accident on Route 83 Sunday night.

Dr. Carlucci, Antioch dentist, had leg injuries. Richard, Jr., was cut on the neck and chest. Both were taken to St. Therese Hospital.

Donna Miller, 18, of Grayslake, driver of the other car involved, told deputies that she was southbound on Rt. 83. Near Rollins Road her car ran off onto the shoulder. When she tried to pull back on the road she swerved across the center line and into the northbound lane, striking the Carlucci car.

Miss Miller was not taken to the hospital.

Board, also attends the meetings. Seven representatives from Kenosha county and five from McHenry County made up the balance of the committee.

Supervisor Jacob Kammerzell, Pleasant Prairie, said that "while there are many studies being conducted of the Fox, in my mind what is lacking is a coordinated plan for developing the river." The work, he said, is being done on a piecemeal basis.

The committee adopted a resolution recommending that each county in the group, and municipalities within each county, be urged to adopt flood-plain regulations controlling the use of land on the Fox River and its tributaries. The committee urged that land along the river be zoned to control its use for recreation, etc.

## "Gas Light" On Stage At ACHS

The cast of "Gas Light," the Antioch High School production to be staged Friday and Saturday, October 30 and 31, is in the final stages of preparation.

"The cast has done good work under the most adverse circumstances," James Corran, director of the play, said. "They have crammed into three weeks preparations that normally take 5 or 6 weeks."

The most striking feature of the play is the mystery surrounding the dimming gaslight. Those who like suspense will be entertained by this production, laid in Victorian England.

Mark Nelson plays the tyrannical husband, driving his wife, Joanne Tanner, insane. Sgt. Rough, played by Tom Mayerle, comes to her rescue and solves the suspense-filled mystery. Janet Feller and Juanita Gillum are cast in the supporting roles.

The curtain will go up at 8 p.m. in the high school auditorium.

## Squirrel Turns Off Lights Near Antioch

A squirrel disrupted electric service in a large area south of Antioch last Monday morning.

Lake Villa and Lindenhurst residents had no lights for about two hours, starting at about 7:30 a.m. The north shore of Lake Villa was without electricity for a longer period.

A squirrel shorted out the bushings on a transformer on Route 173. Equipment was switched and repairs made by Public Service crews.

## Mayor Proclaims Art Week In Antioch

Mayor Murrill Cunningham has proclaimed Nov. 1 through Nov. 7 as Art Week in the village of Antioch.

The first week in November has been designated as Art Week. The slogan for this year's observance is "Art is for All."

The Director for Illinois urges that tribute be paid to local artists at this time, and that exhibits be planned by schools, libraries and clubs.

Kenneth Henke said that in his opinion the Tri-County committee would be most effective by providing leadership to the individual county units comprising the Tri-County group, and public bodies within the counties, to secure a satisfactory plan for development of Fox River.

The committee plans to draft model ordinances for municipalities and counties, and to urge that they adopt flood plain regulations.

## ACHS Board Considers New Safety Code

Provisions of the newest health-safety code for schools was the subject of considerable discussion by the Antioch Community High School Board.

The new code has not been thoroughly clarified, according to Superintendent A. L. Dittman, and schools are uncertain as to what steps may have to be taken to insure compliance.

Discussion centered on the necessity of hiring a certified architect or engineer to survey the school in regard to the new code. The board decided to table the matter for the present, in hopes that requirements will be clarified.

Joseph Rush reported that 111 students participated in summer music camp, and requested approval of the board for a similar project next year. The board tabled the request and asked that Mr. Dittman assemble data showing the entire cost to the school of student participation in the program.

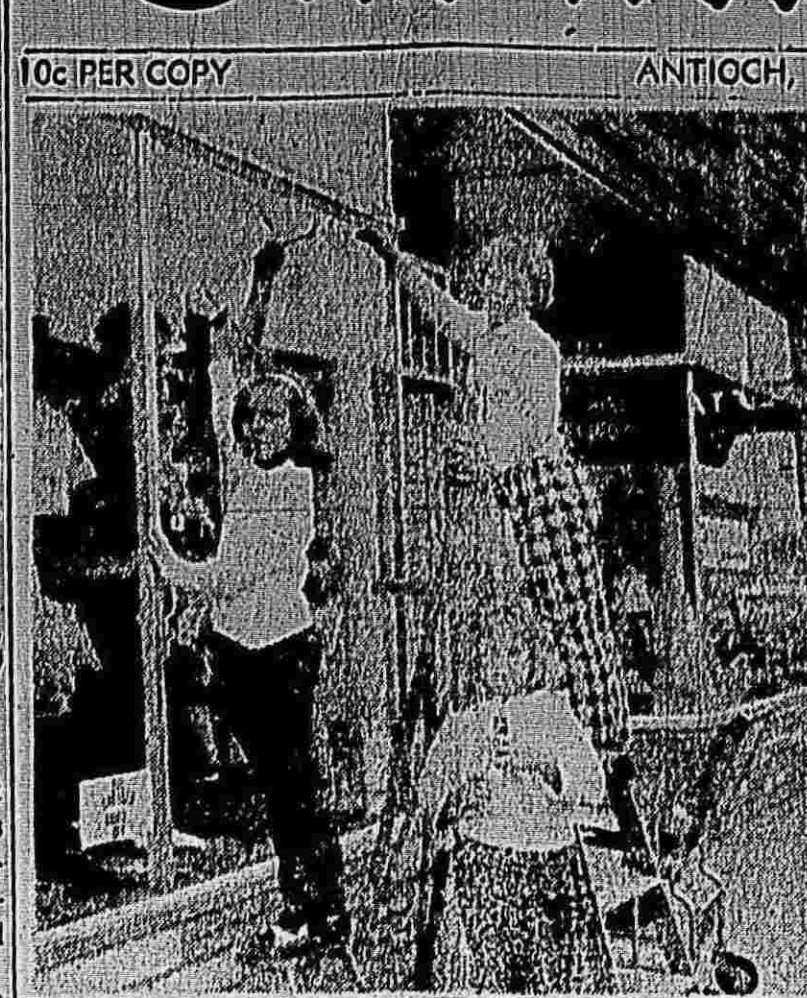

Robert Denman, president of the board, appointed Roger Prosser, Robert Lindblad and Boyd Osmond to the Safety committee, and Mrs. Helen Kopriva and William Brook to the Curriculum committee.

The school board approved the installation of a gas line to a new furnace in the metal working shop. Two new furnaces were purchased for the shop—a crucible furnace and a heat-treating and forge furnace. The gas line was installed by Loon Lake Plumbing, who submitted the low bid of \$390 for the work.

The board voted to hire Donald Lubkeman to clear snow from school driveways and parking lot at a cost of \$10 an hour.

The board approved an expenditure of \$1,850 for expenses of staff members attending conferences and conventions.

On the recommendation of the finance committee and Jedele & Cain, the board invested \$300,000 of recent tax disbursements from the county treasurer's office in U. S. Government bonds, with varying maturity dates. Considerable interest accrues in the months before the tax money is needed for school expenses.

GRADE SCHOOL CHILDREN started painting Hallowe'en pictures on the windows of Antioch merchants Tuesday. Cheryl Golonka, Cheryl Frad and Eileen McDonald are the amateur artists decorating the window of the Lardyn Shop.

## Germak Realty Moves To New Quarters

Charles Germak, realtor, will be moving his business into new quarters next week. The new Germak Realty offices will be in the old Cosgrove building, next door to the A & P Store on Lake street.

The building has been thoroughly remodeled and redecorated, Charlie says, and it's air conditioned.

Free parking for customers is available in the back of the building. The new offices will include a reception room, closing room and private office.

The building also has four offices upstairs, and a currency exchange will soon be opening in a portion of the ground floor.

Germak has been in business for 15 years in Antioch. He is president of the Waukegan-Lake County Board of Realtors.

## 1965 ACHS Sequoia Still Available

Those who are interested in receiving this year's special edition of the Sequoia Yearbook can still get one by mailing in the coupon on the Sports Page of the Antioch News this week.

Fifty years of the development of Antioch Community High School will be recorded with pictures and facts in the special large Yearbook for 1965. Pictures taken during the recent 50th Anniversary Homecoming will also be included.

The books are still on sale but orders must be in by November 9. The coupon with \$4.00 should be mailed to the 1965 Sequoia at Antioch Community High School.

## Columnist J. Burlend Dies

John V. Burlend, the author of the column, "Speaking to You," which has appeared on the editorial page of The Antioch News for about the last year, died last Friday.

A eulogy to Mr. Burlend, by the publisher who first started him on his career as a political commentator, appears under the "Speaking to You" heading on the editorial page this week.

John V. Burlend, 59, Rockford East high school social studies instructor and political columnist for northern Illinois and southern Wisconsin newspapers, died Friday afternoon of a coronary attack.

He had been a patient at a Rockford hospital for 12 days. Burlend, whose column "Speaking to You" appeared in the 10 weeklies published by Van Sickle's Associated Publishers, Inc., Durand, headed the Rockford East social studies department the last four years. He had taught at Rockford high school and Rockford East since 1931, when he moved to Rockford from Griggsville.

He was one of the top high school debate coaches in the state, and taught debating in high school until seven years ago, when he switched to teaching social studies.

Burlend used his skill in debating to match wits at forums on controversial subjects. One of his last public encounters was at a forum in which he criticized the John Birch Society.

He served three years as chairman of the former Rockford Coalition Party, formed by the 5th Ward Democrats, United Auto Workers members and some members of the Progressive Party of the day of former Mayor C. Henry Bloom.

Burlend resigned in August, 1960 when local Democrats considered putting up a city government state under their party label.

Some eight years ago, Burlend served as chairman of the Boost Rockford Committee and spoke in opposition to the council-manager plan.

He directed summer school classes at East high for a number of years and taught speech classes in the Rockford Adult Education program.

He was born in Griggsville. He received a bachelor's degree from Illinois State University at Normal and his master's degree from University of Illinois.

He was a member of Rockford and American Federation of Teachers, Professional Men's Forum, and Court Street Methodist Church.

Survivors include his widow, Florence; a son, Warren R. Rockford; a daughter, Mrs. Beverly Fiege, College Park, Md.; two granddaughters; a brother, William; and a sister, Mrs. John Myers, both of Griggsville.

Services were held Monday in Fred C. Olson Mortuary, Rockford, with burial in Sunset Memorial Gardens.

# Election Day Nov. 3; GOP Expect Usual Win In Lake County

Next Tuesday, November 3, is the day voters across the nation go to the polls, and candidates find out how successful their campaigning has been.

Antioch Township voters will vote at the following polling places: Precinct 1, at the Fire Station in Antioch; Precinct 2, at the old Village hall on Main St., in Antioch; Precinct 3, at Lotus School; Precinct 4, at the Grass Lake Scout House; precinct 5, at

Channel Lake School, and precinct 6, at Emmons School. Voters are confronted with an especially difficult task this year. In addition to the regular ballot listing presidential, state and county candidates, the voter will receive a special orange ballot for the election-at-large of state representatives; a ballot calling for a vote on two amendments to the state constitution; and a judicial ballot. Although voters need not

vote the orange ballot for state representative, it must be returned to the ballot clerk.

Because of the length of the ballot for state representatives, a five-minute limit on voting time in the voting booth has been announced, to make sure everyone has a chance to vote. However, a spokesman at the office of Garfield Lear said no difficulty was expected in Lake County on this score. Two extra voting booths are being provided in each precinct. Women's clubs and civic organizations are urging housewives to vote between 10 a.m. and 4 p.m. to make the load lighter during rush hours, when workers will be voting.

Officials received requests to install telephones in polling places in precinct 2, the old village hall in Antioch, and precinct 5, Channel Lake School. The phones, direct line to New York, are being installed by ABC-TV, presumably to take samplings of results for their election night broadcasts. Permission was granted in each instance.

Polls show President Johnson and Governor Kerner leading in the state. However, most of the Republican slate is expected to win in heavily Republican Lake County without difficulty. Last-minute adverse publicity affecting State's Attorney Bruno Stanczak may cut down his lead over Democratic candidate Ezra D'Isa, but Republican leaders expect him to win without difficulty.

Polling places will be open from 6 a.m. to 6 p.m. Results of the election-at-large for state representatives may not be known for several days.

Voters may vote for 177 candidates for state representative. 118 Republicans and 118 Democrats are listed on the ballot. If the voter marks one more than the 177 it will be a spoiled ballot.

The voter need not mark the full 177 candidates. He may, if he likes, vote for only one candidate, or any number up to 177. Most voters are expected to vote a straight party ticket of 118 candidates on this ballot, due to the difficulty of selecting names from the long list.

On the Judicial ballot, all of the candidates except Mortimer Singer, Republican candidate for judge of the circuit court, have been endorsed by the Bar Association. Philip W. Yager, Democrat, has received the endorsement of both the Republican and Democratic parties.

Campaigns at both the state and national level have become increasingly bitter as election day approaches, with charges and counter-charges freely hurled by all parties.

Victor L. Smith, GOP State Chairman, has announced an election-eve state-wide television network featuring the entire state slate of GOP candidates.

The program has been announced as a political first, in that it is the first time an entire state slate has been featured on a state-wide network.

Senator Everett Dirksen will present the candidates. WGN will carry the program from 10:15 to 10:34 p.m. November 2.

Voters are urged to "bone up" on voting rules so that their ballot will not be spoiled. Be sure to mark an X in the box opposite the name of the candidate for whom you wish to vote. Checkmarks, etc., writing in yes, mean a spoiled ballot.

Don't vote for more than 177 candidates for state representative. You may mark a sample ballot at home and take it in to the voting booth with you.

Next Tuesday, November 3, is the day voters across the nation go to the polls, and candidates find out how successful their campaigning has been.

Antioch Township voters will vote at the following polling places: Precinct 1, at the Fire Station in Antioch; Precinct 2, at the old Village hall on Main St., in Antioch; Precinct 3, at Lotus School; Precinct 4, at the Grass Lake Scout House; precinct 5, at

## Overcome by Gas, Aided by Squad

Mrs. Marie Zmuda, Rt. 3, Box 83, Antioch, was taken to Victory Memorial Hospital by the Antioch Rescue Squad on October 26 after she was overcome by gas fumes in her home.

Mrs. Zmuda collapsed while trying to get to the telephone. She was found unconscious by her 17-year-old daughter at 4 p.m. when she came home from St. Joseph's High School in Kenosha.

Investigation showed that the gas was coming from a leaking pipe to a heater.

On Tuesday, October 27, the squad was called to aid Walter Glowicki, 57, of Rt. 3, Box 236, Lake Villa. Efforts of the squad were unavailing and he was pronounced dead by a doctor called to the scene. The body was taken to Ring's Funeral Home.

On October 22 the squad was called to Regal China Co. to aid Willard Owen, 70, of Silver Lake, Wis., who apparently suffered a stroke or heart attack. Mr. Owen was taken to Victory Memorial Hospital.

Carl Karsasch, Rt. 4, Box 207A, Antioch, was taken to St. Therese Hospital on October 24 at 6:40 a.m. when he became ill at home.

R. C. Pharr, Rt. 2, Box 380, Antioch, was taken to Dr. Alderholden by the squad when he was found in a car on Hunt Club Road.

## 5 1/2 Million Registered Voters In State of Illinois

Springfield, Ill., Oct. 23— Illinois has a total of 5,534,676 registered voters for the November 3 general election, an increase of 35,207 over the total four years ago.

Secretary of State William H. Chamberlain has reported. The figure is based on totals submitted by county clerks and election commissions throughout the state for their respective jurisdictions.

Secretary Chamberlain also announced that there will be 10,329 election precincts in the state, an increase of 314 over the November, 1960 total.

Lake County has a total of 142,396 registered voters, and 211 election precincts.

## Urges Business Men To Get Out Vote

Gov. Otto Kerner today issued a call to business and industry leaders throughout Illinois to join in "a special effort" to get out the vote in the Nov. 3 election.

In a statement, Gov. Kerner urged that "executives take the lead in urging staff and personnel who are eligible to vote to cast ballots in what may be the most important election of our time."

Gov. Kerner listed these suggestions as possible further measures:

Bulletin board notices, plant and factory announcements, mimeographed notices in pay envelopes and even suggestions to department heads and other supervisory personnel "to carry the word

## Students To Have Chance To Mark Vote

Students of Antioch Community High School will get some practice in voting and have a chance to mark their choice in a mock election to be held next Monday at the high school.

Registration of the students will take place Thursday and Friday, during lunch hours. Students who fail to register will not be allowed to vote Monday.

Voting will be only on president, vice president and governor, because of the lack of time. Voting will be held during 4th and 5th hours.

The mock election is under the supervision of Harold Andrews, his 6th hour history class and Mr. McLean's students. Results of the vote will be published in next week's Antioch News.

## Parent's Day At This Saturday's Game

Parents of Antioch High School football players, cheerleaders and managers received letters of invitation to attend next Saturday's football game at the High School as special guests.

The letter they received is their admission ticket to the game. The parents will be seated in a reserved section on the 50-yard line in the west bleachers. Mothers will receive corsages.

The Sequoils will be playing Round Lake next Saturday, October 31, with the game starting at 2 p.m.

## Long-Time Antioch Resident Dies

Mrs. Edith O. Hansen, 71 years old, 308 Burnett Ave., Lake Villa, formerly of Hillside Ave. in Antioch, died Wednesday, October 28, at 2:10 a.m. at Lake County Home in Libertyville.

Mrs. Hansen had worked for many years in the cafeteria at Antioch High School. She was born in Ekeington, England, on April 17, 1893, and came to America at the age of 16 to reside in Chicago. She moved to Antioch in 1919. Three years ago she went to live with her daughter, Mrs. Gordon Martin, in Lake Villa.

Her husband, Thomas E., preceded her in death on Feb. 9, 1939. She is survived by three sons, William P., Antioch; Thomas O., Waukegan, Ill.; and Richard E., Jacksonville, Fla.; her daughter, Mrs. Martin; two brothers, one sister, 13 grandchildren and ten great-grandchildren.

Funeral services will be held at 1:30 p.m. Friday, October 30, at Strang's Funeral Home in Antioch, with the Rev. Donald Cobb of the Antioch Methodist Church officiating. Interment will be in Hillside Cemetery. Friends may call at Strang's Funeral Home after 7 p.m. on Thursday.

to every employee. "It is not merely a privilege to vote. It is a duty," said the Governor.

WINNERS IN LAST SATURDAY'S Post, Punt and Kick contest. Knealing, left to right, Terry McCafferty, Ray Molardirk, Russ Albano, Michael Gutowski, Doug Stickle, Terry Loar, Chris Johnson. Standing, Jim Ravell, Rick Nauseda, Tom Wilkins, Richard Weiss, Chuck Jaster, Billy Gao, Robert Letkoy, Jim Kopriva, Steve Owens and Jeff Storbens.

### Taxation Without Representation

There is a possibility—though a remote one—that some areas of Illinois could get a home-grown sample of "taxation without representation" after the November 3 election-at-large of state representatives.

Should enough people split their ballots in the at-large election it could result in the election of 177 representatives, with one or more areas over-represented, and another area totally without representation.

Other than John Connolly of Gurnee the names of Lake County candidates have been noticeably absent from lists of recommended candidates. As anyone brave enough to split the at-large ballot is certainly going to put some dependence on lists of recommended candidates, this could put Lake County in a poor position in the at-large election.

If a truly "blue-ribbon" slate of representatives is victorious in this mass confusion, everyone will be very happy, of course, but it doesn't seem a likely result. Whatever the result, Lake County voters can do their bit toward seeing that we get some representation in the House by making sure that they vote for those candidates from his area.

Among the candidates-at-large from Lake County are: John Connolly, Gurnee; Marshall Schroeder, Ingleside; Nick Keller, Waukegan, and Francis Berry, Libertyville, all Republicans, and William Hartnett, Lake Villa, and Daniel Pierce, Highland Park, Democrats.

### Caution—Kids Having Fun

With everyone's attention focused on the coming elections, let's not forget Hallowe'en this week-end, a day that little children treasure nearly as much as Christmas.

Groups of children, costumed and excited, will be roaming the streets and country roads at dusk and after dark. Motorists will need to exercise extra caution to make sure no tragedies occur.

Masks make it difficult for children to see. Mothers would do well to encourage the use of paint on little faces instead of masks for trick and treaters. Long costumes often hamper the children, too. An adult should check the children over before they leave the house to make sure they can see and move freely.

Dark costumes blend into the night and are invisible to motorists. Some fluorescent tape stuck on dark costumes, or a patch of white cloth fastened with tape or pins will make it easier to see them, and perhaps save a life.

If you're going to be driving Hallowe'en night, take extra care to watch out for trick-and-treating youngsters. Children are thoughtless—adults should not be.

### Letters to the Editor

October 24, 1964

"The Antioch News"  
We have recently moved to the Antioch area and have enrolled our children in the Grass Lake School. We've noticed that most of the folks in the Grass Lake School area would help a neighbor in trouble. Well, a "neighbor" is in GREAT trouble right now—the GRASS LAKE SCHOOL!

We find that this school is already "over-crowded" and operating "in the red" due to the need of hiring extra teachers, etc., for the increased enrollment.

It is heart-breaking to note that many of the voters in this area are not the least bit interested in the school problem. Many of them have raised their families, and evidently feel that the school no longer benefits them. They forget that past generations sacrificed for THEIR schooling and do not realize that if we do not upgrade our local schools, our graduates will have a difficult time competing with the millions of students elsewhere, who are receiving a far better education than we are able to give them here.

Ten years ago, Grass Lake School had an enrollment of around 100. They have not had an increase in the Educational Tax since then, though the enrollment has doubled to over 200 students. How can they POSSIBLY make ends meet?

The School Board isn't recommending frills in the Nov. 7th referendum—just money to give the children an honest and decent education, with class-rooms that are adequate. Let's be generous and support this referendum—for most families, the increase in taxes would be no more than a two weeks' supply of cigarettes.

Grass Lake School has no kindergarten; no music room; no auditorium; no library; no teachers' room; no gymnasium! The science equipment is pathetic—visual aids are badly needed—and the teachers are close to the "bottom of the heap" salary-wise! There is only one school bus—additional classrooms are also needed! Let's all be generous in our hearts and vote "YES" for the Grass Lake School Referendum on Nov. 7th. HELP is really needed! Frances L. Reeder

To the Editor:

LBJ and LBJ  
Politicians like LBJ change their political positions with the change of time. LBJ, however, is unique, in that he campaigned for two different offices, on two DIFFERENT PLATFORMS, at the same time in 1960. It is interesting to compare those two platforms.

Running for Vice President Mr. Johnson endorsed programs calling for further centralization of power in the federal government . . . For the United States Senate, Mr. Johnson ran on a state platform which denounced "federal encroachment" and deplored "the growing and menacing concentration of power in central government."

His Vice Presidential platform favored sit-in demonstrations. His state platform called for "enforcement of laws designed to protect private property, from physical occupation."

His national platform supported federal aid for education . . . His state platform opposed "the entry of the federal government in the general field of public education."

His national platform favored school desegregation . . . His state platform pledged "to protect the decisions of the people of local school districts in the operation and control of their schools."

His national platform favored a system of medical care for the aged as part of the social security system. His Texas platform deplored "socialistic proposals," it called for state rather than new Plaza.

DID YOU HEAR: The perfect description of a Village: Where the folks know all the news before the paper comes out, but merely take it to see whether the editor got the stories the way they heard them.

### Courthouse Notebook

BY LOU DURNIN

Lake County voters go to the polls Tuesday to wind up an election campaign that has had few equals in bitterness and invective at the national level, few equals in confusion at the legislative level, and few equals in dullness at the county level.

The national campaign has been unsurpassed in vulgarity and tastelessness, and except for a late assertion of responsibility and good sense by Sen. Barry Goldwater, the campaign might have sunk to even greater depths through the use of a television film that has repudiated and a racist newspaper ad that was withdrawn from Texas papers.

The hatchetman tactics of both candidates for the Vice Presidency has done little to add to the lustre of this office, while the viciousness of supporters of both Sen. Goldwater and President Johnson has revolted thousands of American voters.

Because of the almost hysterical charges and accusations hurled by these unrestrained advocates many people have apparently decided that neither candidate is worth a vote and are planning to stay at home on Election day.

Some observers blame the campaign excesses on the political amateurs who make up the rosters of the various "Citizens For" groups and can turn their backs on politics after the election leaving it to the professionals to heal the breaches.

The professionals, among the politicians have a built-in tolerance for the human frailties of their opposite numbers and are inclined to be more charitable than are the simon pures who make up in enthusiasm what they may lack in understanding.

At the local level the bat-

tional action to deal with the health problem of aged citizens and supported the alternative Kerr-Mills approach to the problem.

His Vice Presidential platform supported national legislation to repeal state right to work laws . . . His state platform endorsed the Texas right to work laws as "necessary" to the free enterprise system and to the growth and prosperity of Texas.

There you have it girls and boys. It seems as though Mr. Johnson has a platform for every occasion, doesn't it? Wm. F. Dombrow

I want to take this opportunity to commend the spontaneous response to an emergency call at 10:30 a.m. October 22nd.

Dr. James Kepriya left a crowded office to answer the call and arrived in four minutes after receiving same. I am more than pleased with the response of our doctors to be on call at all times realizing the emergencies that can arise.

I know, with an intelligent approach to the matter, a decision would be reached for the benefit of all.

My hat is off to them. Sincerely, Pearl Scully

Added to an impressively long list of five-minute appearances on TV by Senator Barry Goldwater are his four scheduled half-hour shows.

Two of the video appearances were on October 20 and 23; the presidential candidate will be on CBS from 8:30 to 9 p.m. Central time on Thursday, October 29 and in the same time spot on Monday, Nov. 2.

The long and strenuous and expensive campaigns of the presidential candidate and of Chuck Percy lead to the thought that there must be a better way than this of electing officials.

Obviously, Abe Lincoln wouldn't get to first base if he were to run for president now. He simply couldn't afford the pace. Even a moderately wealthy man would go broke campaigning for any of our higher offices.

Aside from the expense involved and the long, tiring campaigns, the last couple of weeks generally degenerate into mud-slinging, name-calling diatribes. The candidates have exhausted their store of issues—they have reiterated their stands and made their campaign promises.

Now, suddenly, everyone's weary of talking about the real issues. Something sensational must be thrown in to liven the campaign, to swing votes away from the opponent.

Now is the time accusations of all sorts to be made, any

all 118 candidates in their respective parties while speaking in public, but it is understandable if, in private, they are a little more parochial in their approach.

It may be difficult to pick out the names of the eight Lake County candidates for the House of Representatives, but a vote for each of them rather than a straight party vote will give this area a little better chance at having some representation in Springfield.

possible scandal uncovered.

The incumbents, who should be taking care of the job they're elected to do, must take time to match their opponents' efforts. They'd never be re-elected if they didn't. And so our highest officials and would-be officials, the best brains, presumably, in America, risk their lives and their health to shake hands, to shout charges, and to try, by personal magnitude, to sway the crowds.

It could all be done better, cheaper and more sanely by limiting campaign time for every office, and by confining campaigning to TV, radio and the printed word.

Every issue could be thoroughly discussed in this length of time. Every person who wanted to hear, or head, the views of the candidates would have the opportunity.

There would be less of the emotionalism that shouldn't sway voters. There would be less time for mud-slinging, and more urgency to clearly state the candidate's views on important issues.

Let each political party compile and publish and distribute one book, containing the records, biography and platform of their national, state and county candidates—one for national, one for state, one for county candidates. Voters would have some opportunity to read and digest the candidates' stands on various matters; the book would be a handy educational reference he could refer to at any time.

The expense of printing such books could be borne by the party. It could hardly be more expensive than the traveling and numerous social functions that now leave candidates exhausted and often ill by the end of the campaign.

A time limit on active campaigning would eliminate much of the repetition, mud-

LIMITED TIME OFFER—SEE YOUR DEALER

Now save up to \$60 when you buy a new electric dryer

Right now—just as outdoor drying starts to get its worst—Commonwealth Edison and Public Service Company, in cooperation with your appliance dealer, offers you a chance to save up to \$60 on any new flameless electric dryer. You'll get the \$20 to \$40 you normally save when you buy an electric dryer instead of gas—plus a special cash discount of \$20 from Commonwealth Edison.

What's more, flameless electric dryer savings don't end with low first cost. There are few moving parts, so electric dryers are more economical to maintain. With no pilot light, they cost nothing when not in use. As a result, an average family can dry the modern electric way for only \$1.25 a month.\* And because there are no fumes, flames or products of combustion, things keep fresh and new looking longer—you'll save money on your clothes.

See your dealer for the money-saving details now. No down payment. Satisfaction on any flameless electric dryer guaranteed.

## BGA Names Qualified Candidates

The Better Government Association has released a list of names of candidates for State Representatives who they feel are best qualified to be elected.

The list includes both Democrats and Republicans.

## Channel Lake News

By Louise Gutowksi

Don't forget the annual Spook Hop, Saturday, October 31, at the American Legion Home in Antioch. The dance is being sponsored by the Channel Lake Community Club and will begin at 9 p.m. Music will be furnished by the Rhythm Kings and refreshments will be available.

Mr. and Mrs. Lee McKinny became the proud parents of their eighth child and sixth daughter, Monday, October 26. Lee is our local mail carrier and his wife is the former Margaret Runyard.

A large fire in the valley area of Circle Drive kept the Antioch Fire Department busy for several hours Monday evening. The firemen had to protect surrounding homes and the many trees in the area as it is very dry after several days of lovely Indian Summer weather. The area damaged by the fire, is where the Regal China has been dumping excess pottery in the attempt to fill it up, and where unthinking people have been dumping their rubbish.

## Voters Hear About Proposed Annexation

The largest meeting of the Channel Lake PTA was held last Wednesday evening, Oct. 21, in the school gym. After the regular business meeting, the floor was turned over to the Channel Lake School Board for a question and answer session regarding the possible consolidation to Antioch Grade School. Mr. Elmer Eberman, president of the board, acted as moderator and the panel comprised of Gladys Zobus, Ray Enzenbacher, Dick Harland, Elmer Meierdick, Dick Waters, members of the board and Mr. Howard Scott, Superintendent of the school.

The biggest question asked was the amount the taxes would be raised if Channel Lake consolidated. The taxes would go up approximately 20 cents on every 100 dollars assessed valuation, or the same amount asked for by the Board in the twice defeated Educational Tax Referendum, last school term.

In addition, it was explained, that our school would be considered a K5 or a K6 school district. This means there would be Kindergarten through 5th or 6th grades with the 7th and 8th grade being transported to Antioch Grade School.

There would be one grade classrooms instead of doubling up, as we are doing now. There would also be the opportunity for all students to participate in band and chorus, an art class and for those who needed it a limited mental retardation class. The Board further explained that it would be the decision of the Board in the consolidation matter and that this issue has been under consideration for about three years under the recommendation of the state.

The BGA pointed out that voters who wish to vote a straight party ticket can also vote for 50 or fewer qualified candidates on the opposing ticket. This will help to insure the majority in the House of the party you prefer, with the best candidates from the opposite party filling out the slate of 177 to be elected.

Democrats recommended by the BGA are: John K. Morris, Paul F. Edward, Paul E. Rink, James P. Loukas, Abner J. Mikva, Anthony Scarlano, Raymond J. Welsh, Jr., Bernard M. Peskin, Chester P. Majewski, Robert E. Mann, John E. Cassidy, Jr., Eugenia S. Chapman, Joseph T. Connolly, Leo F. O'Brien, Phillip C. Goldstick, Harold A. Katz, William J. Frey, John A. Kennedy, James C. Kirle, E. J. Giorgi, James A. McLendon, Mrs. Dorah Grow, Melvin McNairy, John J. McNichols, William E. Hartnett, James Moran, Leland Rayson, Marvin S. Lieberman, Francis X. Mahoney, Adlai E. Stevenson III, Elmo McClain, Edward A. Warman, Daniel M. Pierce, Fred J. Schroeder, Roy Curtis Sniall, Harold D. Stedelin, James Von Hoeckman.

Republicans listed for the special attention of the straight Democratic voters are: Charles W. Clabaugh, Noble W. Lee, Paul J. Randolph, William E. Pollack, Albert W. Jachmeister, John W. Carroll, Terrel E. Clarke.

MRS. GEORGE E. PTACK

## Meyer-Ptack Wedding In Hastings, Nebraska

Miss Carol Elaine Meyer, daughter of Mr. and Mrs. John Meyer, Jr., of Omaha, Nebraska, and George Ptack, III, of Antioch, were married Sunday evening, August 23, at First St. Paul's Lutheran Church of Hastings, Neb. The bride's uncle, the Rev. William Temp, and the Rev. Theodore Johnson officiated in the double ring ceremony.

The bridegroom is the son of Mr. and Mrs. George Ptack, Jr., of Antioch.

Burning tapers in four candelabra, decorated with greenery and deep pink asters, provided light for the service. The altar bouquets were white gladioli and deep pink asters. White bows and pink daisies marked the church pews.

The bride, given in marriage by her father, wore a gown of satin styled on empire sheath lines. Beaded motif detailed the bodice which was made with long sleeves. A wide lace band marked the hemline of the skirt and bordered the Watteau train. The bridal flowers were a cascade of deep pink asters.

Miss Kathleen Anderson was maid of honor. Mrs. Richard Watt of Lincoln, Neb., was maid of honor. Cheryl Ptack, sister of the groom, was bridesmaid. The

## WSCS Slates Guest Day

Wednesday, November 4, is the date set for Guest Day when the ladies of the Women's Society of Christian Service of the Methodist Church in Antioch invite the ladies of churches in this area to meet with them. Dessert luncheon will be served at 12:30 by the members of Martha Circle, of which Mrs. Samuel Ries and Mrs. Roy Kufalk are co-chairmen. All are invited.

The speaker will be Mrs. Lloyd Peterson, secretary of Christian Social Relations for the Elgin District of the Methodist Church. She will bring her "Impressions of the United Nations Seminar held in New York City in November 1963" and will also show slides illustrating her talk.

Mrs. Peterson is a charter member of the Woman's Society and has held many positions of responsibility in her own church and the District.

She will also bring a message from the 23rd North Central Jurisdictional meeting of the Woman's Society at Indianapolis which she attended this month, having been appointed a delegate by the District.

## OAKLAND PTA TO MEET

The Oakland Grade School PTA will meet at 8 p.m. Nov. 2 in the school gymnasium.

## Lost Packages Returned To Owner

Leo Buchta, Antioch, is grateful to an unknown honest person who returned some mislaid packages to him. Unfortunately, he does not know who to be grateful to.

Mr. Buchta made several purchases in Antioch Friday night, including one at the Antioch Packing House, then put his package in the wrong car, a car in the Jewel parking lot.

When he discovered his mistake, he had little hope of recovering the articles. However, he called the Packing House Saturday, and found his packages had been left there by someone who didn't identify himself.

Now Mr. Buchta would like to know who did it, so he can thank them.

## Cub Pack 92 Holds Meeting

The first pack meeting of this season and a Halloween party for the Cub Scouts and their parents was held Oct. 22 at the Scout House.

The flag ceremony was presented. Color guards were Bob Becvar and Greg Benning.

Awards were presented by Cubmaster Joe Hellstern and Mr. Gordon DeBoer. A Wolf gold and silver arrow was awarded to Kent Barlow. Wolf silver arrows were awarded to Peter Laursen, Leonard Benning, Frank Nevitt and Jerry Smouse.

A Bear Badge was earned by Gordon Sillanoff and Michael Kemmerer. A Bear gold arrow went to Mark Polson. A Bear gold and two

silver arrows were awarded Bob Becvar.

Ricky Poltz earned a Lion Badge and a gold arrow. Bob Kennedy earned his Lion badge. Greg Benning received a Lion silver arrow.

Year pins were received by Dennis DeBoer, Jim Fischer, Jerry Smouse, Frank Nevitt, John Thain, Leonard Benning and Mark Maras.

Cubmaster Hellstern announced the forthcoming fall Frontier Round-up. This gives the cubs a chance to earn a Frontier Round-up patch by bringing in a new Cub member.

There will be a November inspection, the date to be announced by the Den Mothers.

Dorothy Laursen is a new den mother this year. She is den mother of Den 9.

Pack meetings for November and December will be held at the Scout Home on the third Thursday of each month.

After the Pack meeting a Halloween party was held. The Cubs and all other children were in costume. Games were played. There were Halloween treats for all children. Refreshments were served.

The party was planned by Mr. and Mrs. Vernie Plotz and Mr. and Mrs. John Christensen. Mrs. Kemmerer, Mrs. Kennedy, Mrs. Vovachy and Mrs. Hellstern helped with the party.

## Cancer Society Distributes Kits

The Education Committee of the Lake County Unit of the American Cancer Society recently distributed 250 kits containing cancer education materials to health and science teachers who attended the Lake County Teachers' Institute at W.T.H.S. West Campus.

Mrs. Ralph C. Archer of Mundelein, County Education chairman, was in charge of the kit distribution, and assisting her was Mrs. G. A. Gilbertson of Grayslake, her co-chairman, and Mrs. Earl Kane, Jr., of Mundelein.

The kits contained pamphlets entitled "Breast Self-Examination," "Leukemia," "I'll Choose the High Road," about smoking, "Cigarette Smoking and Lung Cancer," "To Smoke or Not to Smoke," "Modifying Smoking Habits in High School Students," "Lung Cancer," "The Facts on Teen-age Smoking," "Answers to 101 Questions About Cancer," booklets on "Youth Looks at Cancer," "Narrowing the Search," "Cigarettes and Health," "Cell Examination—New Hope in Cancer, Laboratory Exercises for the Life Sciences"—on a series of experiments, demonstrations and new ideas, "1964 Cancer Facts and Figures"; a pamphlet for children entitled "Why Learn About Cancer," a list of cancer films and film strips, and four posters on not smoking. These pamphlets, booklets and posters are available to anyone who wishes them. Requests should be made at the office of the unit, 228 N. Genesee Street, Waukegan.

## Rules To Reduce Hunting Accidents

Progress is being made in reducing the death rate from firearm accidents in the United States, but the annual loss of 2,000 lives is needlessly high, Dr. Arthur G. Baker, Director of the Lake County Health Department says.

Firearm accidents take their greatest toll in November, when hunting is at its peak. The three-month period from October through December accounts for almost 40% of the year's fatal hunting accidents. Tragically, the highest death rate is among the youth of our nation, teen-age boys.

Our death rate from firearm accidents ranks among the highest in the world—about ten times as high as in England, Wales, Holland, and Japan, and considerably higher than in such countries as Denmark, Norway, Scotland and Northern Ireland. Most of these accidents are caused

by carelessness or ignorance, and a high percentage could be prevented by safety instruction and common sense caution.

Following are some essentials of safe hunting and gun handling that Dr. Baker recommends so your life and others may not be endangered.

1. Treat every gun as if it were loaded.
2. Always point the muzzle in a safe direction.
3. Keep your finger out of the trigger guard until ready to fire.
4. Keep safety catch on until ready to shoot.
5. Never point a gun at anything you do not want to shoot.
6. Be sure of your target before pulling the trigger.
7. Never climb a tree or fence or jump a ditch with a loaded gun.

on raising my own pay \$10,000 from \$22,500 to \$32,500; later voted "no" to raise my pay \$7,500 to \$30,000. A Federal employee earning \$3,305 would get from this bill of President Johnson's the pathetic raise of \$80 a year. The Democrats really do have, in President Johnson's words, "compassion." I voted "no." This was a "yes" for fair pay for gov't workers. A "yes man" would have voted himself a \$10,000 raise and given the lower-income employee the \$80.

Look again...

and you'll buy gas

If you're about to look for a new range, you'll look at gas because you've always known gas ranges are the most dependable, most economical and easiest to use of any ranges.

Today's gas ranges are all this and a lot more.

For example: modern gas ranges offer the Burner-with-a-Brain for precise top-of-range cooking to end messy spill-overs. Programmed oven cooking roasts food to perfection, then keeps it serving-hot for hours, automatically. Infra-red broiling and rotisserie

roasting are a few of the many other convenience features you'll find in today's gas ranges.

And don't forget, every gas range gives you instant control of the precise heat you want. No wonder women who cook modern say: "Nothing minds you like a modern gas range."

## Candidates Support ILA Proposal

Both candidates for Governor of Illinois have pledged support for the new Illinois Public Library Development Plan, it was announced last week by the Illinois Library Association.

Gov. Otto Kerner called libraries "basic to the American educational system," and added that "improved library facilities are much to be desired."

In his statement, Governor Kerner said: "In Europe, we are told, the use of library books is one book per person every 10 days, but in America it is one book per person a year. One of the reasons for that disparity is that there are many people in our state and our nation who do not have access to libraries."

Republican candidate for Governor, Charles Percy said: "I have examined 'A Plan for Public Library Development in Illinois' issued by the Illinois Library Association and support both the concept of state aid to local libraries and the system's approach to the local library problem."

"In my campaign for Governor I have placed education as the number one issue. Your proposal would be a sound contribution to education in the State of Illinois. It would aid particularly the rural areas which need increased attention."

The Illinois Public Library Development plan calls for organizing twenty-one regional library systems in the state, several built upon existing regions which are currently cooperating in such services as film circuits.

The plan also has received the endorsement of the two candidates for Secretary of State, Democrat Paul Powell and Republican Elmer J. Hoffman. Under present Illinois law the Secretary of State also serves as State Librarian.

The plan as developed by the ILA calls for an eventual expenditure of \$21,520,769 as compared to the present amount of \$18,436,850 currently spent on a state-wide basis for library support of the 521 public libraries in the state.

Under the proposals of this plan, local library support would equal \$2.13 per capita and state support, including the operating budget for the state library, would equal 66 cents for a total of \$2.79 per capita.

meetings Mr. Mazzucca will be briefed on company and industry affairs and will have the opportunity to participate in round table discussions. Other convention highlights will include a special luncheon for the ladies and a banquet honoring agents and wives.

# Sequoias Face Round Lake Next Saturday

Antioch came out on the short end of a 27 to 13 conference battle with Warren at Gurnee Friday night. It was the Sequoias' third conference loss of the season and all but clinched a second division finish in the current race.

It was a bruising football game with both teams hitting hard the entire game. Warren struck first, capitalizing on a Sequoit fumble on the opening kickoff.

The Bluedevils fell on Tom Morgan's fumble on the kickoff and took possession on the Sequoit 20 yard line. Five plays later Ron Zelenko bulldozed over for the TD from the two yard line. The PAT attempt failed and Warren led 6 to 0.

The Sequoias struck back early in the second quarter when quarterback Wally Henning flipped to Torrey Schneider for the TD. The play went for 53 yards. Stan Revell's kick went wide and the score was tied at 6 all.

Warren scored twice in the

second period, once on a six yard plunge by Zelenko and then later Zelenko skirted end for 32 yards and the final tally of the first half.

Chuck Hampton scored for the Bluedevils in the third period to put the Sequoias behind 27 to 6. The Sequoias finally got their offense clicking as they went 52 yards in a sustained march for a fourth period touchdown.

Sparkling the drive were 12 and 19 yard gains by Dave Fabry and a 15 yard pass, Henning to Bernie Smith. Paul Lindblad dived in for the score from the one yard line. Warren took the succeeding kickoff and ran out the clock with the final score 27 to 13.

Rich Mason, senior tackle for the Sequoias, suffered several cracked ribs in the bruising contest and will be out for the remainder of the season.

Coach Roy Nelson said, "The boys were hitting real

hard in there and outside of a couple fumbles at bad times the story might have been different.

Bernie Smith did a fine job punting for us," Nelson added. "Smith booted one 52 yards to put the Bluedevils deep in their own territory. Lindblad and Tom Tantlinger did a good job on defense and Tyrone Walls and Dave Fabry are coming into their own now and did some real fine hard running."

The Sequoias will meet Round Lake at home Saturday. "Although Round Lake is sporting only a 1 and 4 record they are a tough football team and we'll have to come up with a good effort to beat them. They like to run off the tackles and they have a boy that can throw the ball so we can expect a rough afternoon," Nelson concluded. Quarterback Wally Henning suffered a cracked finger bone in practice early this week and may not be in top form Saturday.

## Button Up Your Boat

New York, N. Y. (ED)—A good boatman never turns his back on his boat after summer's last cruise. He knows that winter's woes can do more damage to his boat than an entire season's service.

Tender loving care is the clue, especially when hauling a boat out of water. Disconnecting the shaft will protect a boat against unnecessary stress during the delicate process of transferring it from the water to a storage cradle or keel block. Care must be taken to prevent hull weight from resting heavily on bilge blocks or shores. If the boat's weight is not supported well and evenly, there is danger of cracked planks, broken frames and loss of shape. Make sure the waterline is level so water will drain out of cockpit scuppers and not collect in a puddle on the deck.

A good scrubbing is important and should be done as soon as the boat is sitting pretty in its cradle. First wash the boat down, removing dirt and salt from surfaces. Bottom growth should be scraped off immediately.

There are a great number of effective chemical cleaners—detergent washes for hull and bilge, and cleaners for boat bottoms—on the market. Those made for marine use will be free of harsh acids or alkalis that can harm a finish or repel new paint. Be sure to rinse of the cleaner you use with lots of clear water.

One essential step, too-often neglected, at this time is an inspection of the hull, superstructure, all underwater appendages, and the engine. If any repairs are necessary, have them done now . . . in order of importance. Jobs turned over to the boat yard in the slow fall or early winter periods get done quickly

and, possibly, at lower cost.

For your own chores, remove gear to minimize weight and to give added ventilation. Drain the water tank which will also reduce weight and prevent freezing. Fill the cooling system with a liquid that won't freeze or rot in air. Open drains in the hull after making sure that all dirt, oil and grease are gone. Clean and coat all metal fittings.

There is much controversy regarding whether to leave the fuel tank full or empty during the winter. There are pros and cons both ways—even the experts disagree—and each skipper should decide for himself. If you decide to leave it empty, be sure to treat the inside for removal of gas vapors, or fill the tank with inert gas, to prevent explosion.

These haul-out activities will vary in time and effort depending upon what kind of boat you have. Actually, marine aluminum boats offer the owner the most ease and economy in maintenance. Their light weight simplifies haul-out procedures and costs, there are no seams to caulk, and no fear of damage from marine organisms such as shipworms nor from land animals during haul-out periods.

When these tasks are tended to and your boat is clean and thoroughly dry outside and in, it's time to think about painting. Dividing painting between fall and spring—one coat now, one coat then—is easy on you and your boat. A coat of paint in fall provides several ounces of prevention . . . and lightens the job of launching next spring.

If the old paint on your boat is not good enough to hold another coat, then it should be removed. As a rule, most boatmen remove

old paint on their boats after five or more coats. If there are any cracks, holes or gouges, be sure to fill them with one of the new hard-drying marine plastic putties.

Sanding is essential in preparing for painting. All surfaces must be clean. On bare wood, sand with medium paper. On bare fiberglass, use specially prepared cleaners or 6/0 sandpaper.

Priming is done with a special paint that provides a foundation for finishing coats. The type and application vary with the type of hull material and finish paint you use.

Marine aluminum boats in normal service do not require painting, since they can neither rot nor rust and are unaffected by weather. Many owners, however, wish to paint for appearance or for anti-fouling protection in salt water. Vinyl and alkyd marine paints are usually best for aluminum; epoxy is especially recommended for fiberglass; and most any marine paint is good for wooden boats. Discuss this matter with your local marine dealer.

Preparation and painting should be done in as dust-free no-wind an environment as possible. In temperatures between 45 and 90 degrees and in humidity not exceeding 65%. There'll be many a crisp fall day perfect for painting your boat.

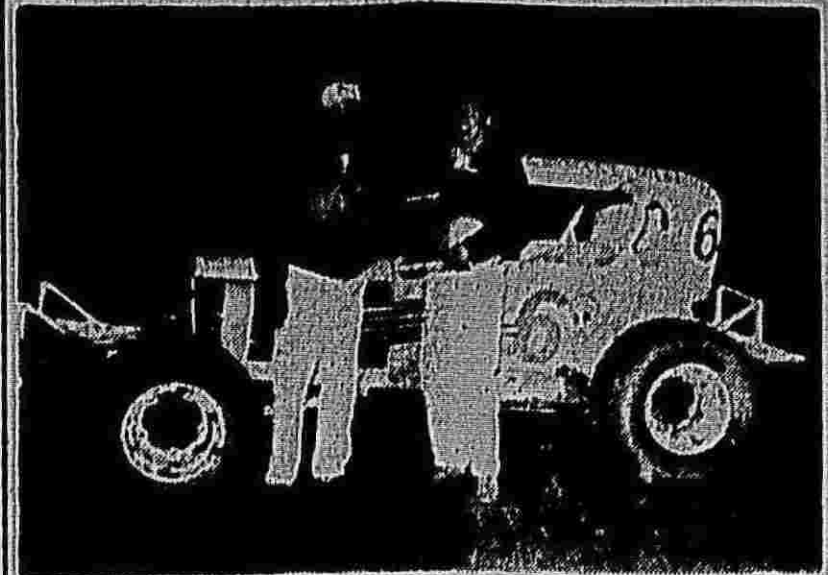

When your coat of paint has dried and all signs are "A OK," she's ready to be tucked in for the winter. The cover you use is very important since it also does a lot of protecting. Its fit must be slack enough to accommodate the fabric's contractions and expansions caused by changes in temperature and humidity. It must also provide ventilation to prevent rot, mildew and foul odors. You can, and often should, install additional vents. Here's a rule of thumb: when using a cover made of synthetic fabric, allow about

one-third more vents than when using a canvas material. Put the cover on, then stand back and take a good look. There should be no sags or depressions where water or snow might collect, nor should the cover's edges bind too tautly against the boat.

High prices hit us all, but there is one sure way to get more for your money than you expect—stand on a penny scale.

### Fresh-Soph Squad Loses To Warren

Pass defense, or lack of it, was the main problem in the Antioch sophs' 27 to 13 loss to Warren Friday night. "Our line played its finest game of the season," Coach Andy Hauptmann said, but the defensive halfbacks let the Warren receivers get behind them and the result was Bluedevil touchdowns.

The Sequoias took the opening kickoff and marched deep in Warren territory before a partially deflected pass fell into the arms of a Warren defender who then ran 65 yards for the first score of the game.

Fullback Wayne Channel plunged over from the Warren one yard line to tie it up but the Bluedevils came right back to take the lead again on a 32 yard pass play.

Halfback Jim Litchfield scored late in the fourth quarter on a 26 yard pass play from Don Zeeman, and the final 27 to 13 score.

## Season Winners At Wilmot Track To Get Trophies

Saturday night, October 31, the leading drivers in season point standings at the Kenosha County Speedway in Wilmot, Wis., will be awarded trophies at the Patenjim Auto Racing annual trophy party.

The party will be held in Twin Lakes, at the Twin Lakes Ballroom. There will be food and refreshments served from 7 p.m. to 9 p.m. The awarding of the trophies will be followed by dancing till 1 a.m.

The driving champions from each of the two divisions at the track, will receive Miller Brewing Company Speedway trophies as well as the annual Champions' Trophy from Patenjim Auto Racing.

Receiving the top awards will be two Wisconsin drivers who clinched their season driving titles on the last night of racing in the 1964 season at the Kenosha County Speedway. Rodger Otto of Burlington is Modified champion and Harold Gutchee is the Spectator Car champion.

Others receiving awards in the modified division are Jim Sullivan, Antioch; Bill Strom, Milwaukee; Kenny Tolugan,

### Racers To Meet, Set Rules For 1965

Waukegan Speedway Lake County Racing Association will hold the 1965 Rules Meeting November 3, 1964, at 7:30 p.m. at the VFW hall, Lake Villa.

The meeting is called annually to plan and set forth the rules that will govern the 1965 season. Waukegan Speedway is the only track that offers this democratic process by allowing drivers and members to voice their opinions on rules and regulations.

Racing movies of the Indianapolis "500" will be shown after the meeting.

On Saturday night, November 21, the annual banquet will be held at the same location. The dinner will begin at 7:00 p.m. and music, dancing, and special events will follow. All Association members and their ladies will be admitted free.

### Sequoias Third In Conference Meet

Mundelein played host last week Tuesday to Antioch and McHenry cross country teams. The Sequoias split the dual meet, defeating McHenry but losing to Mundelein.

The conference meet was held Saturday at Crystal Lake. Bill Carrick led the Antioch pack which tied for third place with Lake Forest. Carrick and teammate Tom Wojnowiak each picked medals by placing in the top ten. The two harriers placed fifth and seventh respectively.

Salem's Falcons were hosts Tuesday to the Sequoias. The Antioch team won their closing dual meet.

The fresh-soph team also split their meet with Mundelein and McHenry, losing to Mundelein but winning over McHenry. In the conference meet the fresh-sophs came in 8th place. The squad dropped their meet at Salem on Tuesday.

Saturday the district meet will be held at Crystal Lake. Starting time is 10:00. Representing Antioch will be Tom Wojnowiak, Bill Carrick, Marty Swede, Tom Thompson, Del Church, Paul Galati, Jim Sorenson with John Patterson as first alternate.

### Goose Population Rises In 1964

There are 48,500 Canada geese in Southern Illinois, the Illinois Department of Conservation has announced. In the Crab Orchard National Wildlife Refuge 19,000 Canadas were counted. In the Union County Refuge, 11,000 and at Horseshoe Lake, 18,500. There are 8,500 more geese on the refuges this year than at the same time in 1963.

The goose season in Jackson, Williamson, Alexander and Union Counties begins at sunrise Monday, Nov. 16, and ends at sunset Jan. 15, 1965. There will be a three day closed period from Dec. 24 through Dec. 26. If the quota of 15,000 Canada geese is harvested before Jan. 15, the season will be closed by administrative order.

## A BRIGHT TODAY

## A BRIGHTER TOMORROW

Four years ago . . . do you remember?

The storm clouds of financial chaos had gathered over Illinois. We were on the "brink of broke". Unemployment was up. Industrial development was at a low ebb . . . economic growth at a standstill. Our unfortunate mentally ill were virtual "snake-pit" prisoners forced to sit out their lives with little help and no hope.

Then you elected OTTO KERNER Governor!

Today, our state is solvent and operating under a truly BALANCED BUDGET for the first time in more than a decade. Today, hundreds of new expanded industries are doing profitable business in Illinois. Employment is at an all-time high. Personal income has jumped by 21 per cent.

Today, Illinois has a mental health program second to none . . . stressing treatment and rehabilitation . . . not hopeless incarceration. Yes, today is indeed bright in Illinois!

And TOMORROW will be even brighter! Under the imaginative leadership of GOVERNOR KERNER . . . cooperating fully with PRESIDENT LYNDON JOHNSON's progressive policies of peace and prosperity . . . our state programs so well begun will be carried to even greater heights. We can expect virtual full employment in Illinois within 18 months . . . we can expect an even greater increase in the development of our economy . . . we can expect Governor Kerner to bend every effort to obtain a new revenue stride for the fair and equitable distribution of taxes . . . we can expect further social reforms to the benefit of ALL the people.

Governor Kerner has given Illinois the momentum for prosperity.

LET'S KEEP IT!

## Candidates Support ILA Proposal

Both candidates for Governor of Illinois have pledged support for the new Illinois Public Library Development Plan, it was announced last week by the Illinois Library Association.

Gov. Otto Kerner called libraries "basic to the American educational system," and added that "improved library facilities are much to be desired."

In his statement, Governor Kerner said: "In Europe, we are told, the use of library books is one book per person every 10 days, but in America it is one book per person a year. One of the reasons for that disparity is that there are many people in our state and our nation who do not have access to libraries."

Republican candidate for Governor, Charles Percy said: "I have examined 'A Plan for Public Library Development in Illinois' issued by the Illinois Library Association and support both the concept of state aid to local libraries and the system's approach to the local library problem."

"In my campaign for Governor I have placed education as the number one issue. Your proposal would be a sound contribution to education in the State of Illinois. It would aid particularly the rural areas which need increased attention."

The Illinois Public Library Development plan calls for organizing twenty-one regional library systems in the state, several built upon existing regions which are currently cooperating in such services as film circuits.

The plan also has received the endorsement of the two candidates for Secretary of State, Democrat Paul Powell and Republican Elmer J. Hoffman. Under present Illinois law the Secretary of State also serves as State Librarian.

The plan as developed by the ILA calls for an eventual expenditure of \$21,520,769 as compared to the present amount of \$18,436,850 currently spent on a state-wide basis for library support of the 521 public libraries in the state.

Under the proposals of this plan, local library support would equal \$2.13 per capita and state support, including the operating budget for the state library, would equal 66 cents for a total of \$2.79 per capita.

meetings Mr. Mazzucca will be briefed on company and industry affairs and will have the opportunity to participate in round table discussions.

Other convention highlights will include a special luncheon for the ladies and a banquet honoring agents and wives.

# Sequoits Face Round Lake Next Saturday

Antioch came out on the short end of a 27 to 13 conference battle with Warren at Gurnee Friday night. It was the Sequoits' third conference loss of the season and all but clinched a second division finish in the current race.

It was a bruising football game with both teams hitting hard the entire game. Warren struck first, capitalizing on a Sequoit fumble on the opening kickoff.

The Bluedevils fell on Tom Morgan's fumble on the kick-off and took possession on the Sequoit 20 yard line. Five plays later Ron Zelenko bulldozed over for the TD from the two yard line. The PAT attempt failed and Warren led 6 to 0.

The Sequoits struck back early in the second quarter when quarterback Wally Henning flipped to Terry Schneider for the TD. The play went for 53 yards. Stan Revell's kick went wide and the score was tied at 6 all.

Warren scored twice in the

second period, once on a six yard plunge by Zelenko and then later Zelenko skirted end for 32 yards and the final tally of the first half.

Chuck Hampton scored for the Bluedevils in the third period to put the Sequoits behind 27 to 6. The Sequoits finally got their offense clicking as they went 52 yards in a sustained march for a fourth period touchdown.

Sparking the drive were 12 and 19 yard gains by Dave Fabry and a 15 yard pass, Honning to Bernie Smith. Paul Lindblad dived in for the score from the one yard line. Warren took the succeeding kickoff and ran out the clock with the final score 27 to 13.

Rich Mason, senior tackle for the Sequoits, suffered several cracked ribs in the bruising contest and will be out for the remainder of the season.

Coach Roy Nelson said, "The boys were hitting real

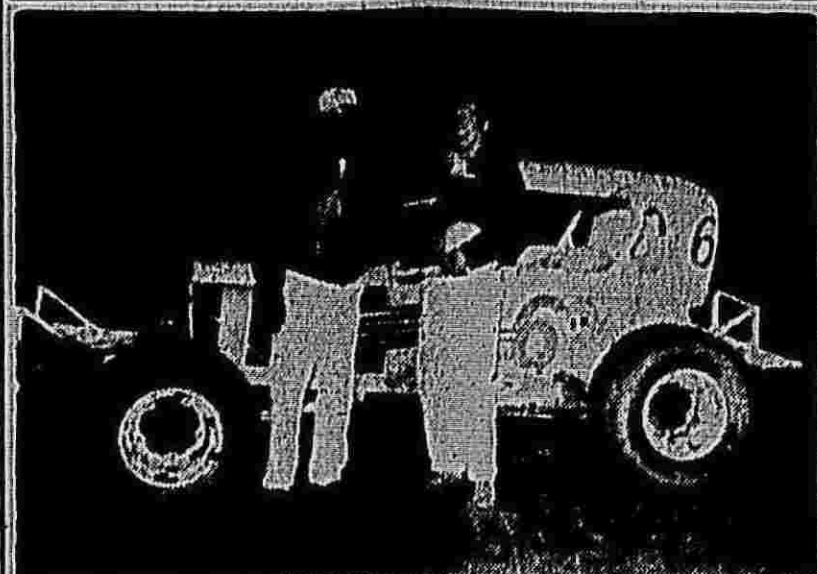

hard in there and outside of a couple fumbles at bad times the story might have been different.

Bernie Smith did a fine job punting for us," Nelson added. "Smith booted one 52 yards to put the Bluedevils deep in their own territory. Lindblad and Tom Tantlinger did a good job on defense and Tyrone Walls and Dave Fabry are coming into their own now and did some real fine hard running."

The Sequoits will meet Round Lake at home Saturday. "Although Round Lake is sporting only a 1 and 4 record they are a tough football team and we'll have to come up with a good effort to beat them. They like to run off the tackles and they have a boy that can throw the ball so we can expect a rough afternoon," Nelson concluded.

Quarterback Wally Henning suffered a cracked finger bone in practice early this week and may not be in top form Saturday.

### Fresh-Soph Squad Loses To Warren

Pass defense, or lack of it, was the main problem in the Antioch sophs' 27 to 13 loss to Warren Friday night. "Our line played its finest game of the season," Coach Andy Hauptmann said, but the defensive backbacks let the Warren receivers get behind them and the result was Bluedevil touchdowns.

The Sequoits took the opening kickoff and marched deep in Warren territory before a partially deflected pass fell into the arms of a Warren defender who then ran 85 yards for the first score of the game.

Fullback Wayne Channel plunged over from the Warren one yard line to tie it up but the Bluedevils came right back to take the lead again on a 32 yard pass play.

Halfback Jim Litchfield scored late in the fourth quarter on a 28 yard pass play from Don Zeeman, and the final 27 to 13 score.

### Racers To Meet, Set Rules For 1965

Waukegan Speedway Lake County Racing Association will hold the 1965 Rules Meeting November 3, 1964, at 7:30 p.m. at the VFW hall, Lake Villa.

The meeting is called annually to plan and set forth the rules that will govern the 1965 season. Waukegan Speedway is the only track that offers this democratic process by allowing drivers and members to voice their opinions on rules and regulations.

Racing movies of the Indianapolis "500" will be shown after the meeting.

On Saturday night, November 21, the annual banquet will be held at the same location. The dinner will begin at 7:00 p.m. and music, dancing, and special events will follow. All Association members and their ladies will be admitted free.

### Sequoits Third In Conference Meet

Mundelein played host last week Tuesday to Antioch and McHenry cross country teams. The Sequoits split the dual meet, defeating McHenry but losing to Mundelein.

The conference meet was held Saturday at Crystal Lake. Bill Carriek led the Antioch pack which tied for third place with Lake Forest. Carriek and teammate Tom Wojnowiak each picked medals by placing in the top ten. The two harriers placed fifth and seventh respectively.

Salem's Falcons were hosts Tuesday to the Sequoits. The Antioch team won their closing dual meet.

The frosh-soph team also split their meet with Mundelein and McHenry, losing to Mundelein but winning over McHenry. In the conference meet the frosh-sophs came in 8th place. The squad dropped their meet at Salem on Tuesday.

Saturday the district meet will be held at Crystal Lake. Starting time is 10:00. Representing Antioch will be Tom Wojnowiak, Bill Carriek, Marty Swede, Tom Thompson, Del Church, Paul Galati, Jim Sorensen with John Peterson as first alternate.

## Season Winners At Wilmot Track To Get Trophies

Saturday night, October 31, the leading drivers in season point standings at the Kenosha County Speedway in Wilmot, Wis., will be awarded trophies at the Patenjim Auto Racing annual trophy party.

The party will be held in Twin Lakes, at the Twin Lakes Ballroom. There will be food and refreshments served from 7 p.m. to 9 p.m. The awarding of the trophies will be followed by dancing till 1 a.m.

The driving champions from each of the two divisions at the track, will receive Miller Brewing Company Speedway trophies as well as the annual Champions' Trophy from Patenjim Auto Racing.

Receiving the top awards will be two Wisconsin drivers who clinched their season driving titles on the last night of racing in the 1964 season at the Kenosha County Speedway. Rodger Otto of Burlington is Modified champion and Harold Gutchee is the Spectator Car champion.

Others receiving awards in the modified division are Jim Sullivan, Antioch; Bill Strom, Milwaukee; Kenny Tolugan, Milwaukee; Bill Bohn, Bristol; Bay Darnell, Deerfield; Daune Harris, McHenry; Jim Lawrence, Bristol; Chuck Uttech, Kenosha; Iton Larson, Racine; Terry Vaughn, Milwaukee; Dennis Bergen, Waukegan; Steve Stevens, Libertyville; Fran Seamers, Milwaukee; Bill Ansell, Milwaukee; Kenny Heiden, Barrington; Jack Radtke, Lake Villa; and Jr. Dodd, Waukegan.

In addition to Gutchee the following spectator division drivers will receive awards: Dick Aissen of McHenry; Rodger Haggie, Antioch; Bill Owens, Antioch; Bill Swantz, Union Grove; and Pop Kline, Pell Lake.

Norman Danko of Milwaukee will receive the first annual "Flip Club" Upside-Down trophy for having flipped more nights than any other driver throughout the year.

The Kenosha County Speedway drivers shared purses that were third highest in the State of Wisconsin in the season just ended and for the second year in a row, drivers ran for the \$10000 lap prize fund in the 1000 lap Season Championship race.

### Goose Population Rises In 1964

There are 46,500 Canada geese in Southern Illinois, the Illinois Department of Conservation has announced. In the Crab Orchard National Wildlife Refuge 19,000 Canadas were counted; in the Union County Refuge, 11,000 and at Horseshoe Lake, 16,500. There are 8,500 more geese on the refuges this year than at the same time in 1963.

The goose season in Jackson, Williamson, Alexander and Union Counties begins at sunrise Monday, Nov. 16, and ends at sunset Jan. 15, 1965. There will be a three day closed period from Dec. 24 through Dec. 26. If the quota of 15,000 Canada geese is harvested before Jan. 15, the season will be closed by administrative order.

## Button Up Your Boat

New York, N. Y. (ED)—A good boatman never turns his back on his boat after summer's last cruise. He knows that winter's woes can do more damage to his boat than an entire season's service.

Tender loving care is the clue, especially when hauling a boat out of water. Disconnecting the shaft will protect a boat against unnecessary stress during the delicate process of transferring it from the water to a storage cradle or keel block. Care must be taken to prevent hull weight from resting heavily on bilge blocks or shores. If the boat's weight is not supported well and evenly, there is danger of cracked planks, broken frames and loss of shape. Make sure the waterline is level so water will drain out of cockpit scuppers and not collect in a puddle on the deck.

A good scrubbing is important and should be done as soon as the boat is sitting pretty in its cradle. First wash the boat down, removing dirt and salt from surfaces. Bottom growth should be scraped off immediately.

There are a great number of effective chemical cleaners—detergent washes for hull and bilge, and cleaners for boat bottoms—on the market. Those made for marine use will be free of harsh acids or alkalis that can harm a finish or repel new paint. Be sure to rinse of the cleaner you use with lots of clear water.

One essential step, too-often neglected, at this time is an inspection of the hull, superstructure, all underwater appendages, and the engine. If any repairs are necessary, have them done now . . . in order of importance. Jobs turned over to the boat yard in the slow, fall or early winter periods get done quickly

and, possibly, at lower cost.

For your own chores, remove gear to minimize weight and to give added ventilation. Drain the water tank which will also reduce weight and prevent freezing. Fill the cooling system with a liquid that won't freeze or let in air. Open drains in the hull after making sure that all dirt, oil and grease are gone. Clean and coat all metal fittings.

There is much controversy regarding whether to leave the fuel tank full or empty during the winter. There are pros and cons both ways—even the experts disagree—and each skipper should decide for himself. If you decide to leave it empty, be sure to treat the inside for removal of gas vapors, or fill the tank with inert gas, to prevent explosion.

These haul-out activities will vary in time and effort depending upon what kind of boat you have. Actually, marine aluminum boats offer the owner the most ease and economy in maintenance. Their light weight simplifies haul-out procedures and costs, there are no seams to caulk, and no fear of damage from marine organisms such as shipworms nor from land animals during haul-out periods.

When these tasks are tended to and your boat is clean and thoroughly dry outside and in, it's time to think about painting. Dividing painting between fall and spring—one coat now, one coat then—is easy on you and your boat. A coat of paint in fall provides several ounces of prevention . . . and lightens the job of launching next spring.

If the old paint on your boat is not good enough to hold another coat, then it should be removed. As a rule, most boatmen remove

old paint on their boats after five or more coats. If there are any cracks, holes or gouges, be sure to fill them with one of the new hard-drying marine plastic putties.

Sanding is essential in preparing for painting. All surfaces must be clean. On bare wood, sand with medium paper. On bare fiberglass, use specially prepared cleaners or 8/0 sandpaper.

Priming is done with a special paint that provides a foundation for finishing coats. The type and application vary with the type of hull material and finish paint you use. Marine aluminum boats in normal service do not require painting, since they can neither rot nor rust and are unaffected by weather. Many owners, however, wish to paint for appearance or for anti-fouling protection in salt water. Vinyl and alkyl marine paints are usually best for aluminum; epoxy is especially recommended for fiberglass; and most any marine paint is good for wooden boats. Discuss this matter with your local marine dealer.

Preparation and painting should be done in as dust-free no-wind an environment as possible, in temperatures between 45 and 90 degrees and in humidity not exceeding 65%. There'll be many a crisp fall day perfect for painting your boat.

When your coat of paint has dried and all signs are "A OK," she's ready to be tucked in for the winter. The cover you use is very important since it also does a lot of protecting. Its fit must be slack enough to accommodate the fabric's contractions and expansions caused by changes in temperature and humidity. It must also provide ventilation to prevent rot, mildew and foul odors. You can, and often should, install additional vents. Here's a rule of thumb: when using a cover made of synthetic fabric, allow about

**A BRIGHT TODAY**

**A BRIGHTER TOMORROW**

Four years ago . . . do you remember?

The storm clouds of financial chaos had gathered over Illinois. We were on the "brink of broke." Unemployment was up. Industrial development was at a low ebb . . . economic growth at a standstill. Our unfortunate mentally ill were virtual "snake-pit" prisoners forced to sit out their lives with little help and no hope.

Then you elected OTTO KERNER Governor!

Today, our state is solvent and operating under a truly BALANCED BUDGET for the first time in more than a decade.

Today, hundreds of new expanded industries are doing profitable business in Illinois. Employment is at an all-time high. Personal income has jumped by 21 per cent.

Today, Illinois has a mental health program second to none . . . stressing treatment and rehabilitation . . . not hopeless incarceration. Yes, today is indeed bright in Illinois!

And TOMORROW will be even brighter! Under the imaginative leadership of GOVERNOR KERNER . . . cooperating fully with PRESIDENT LYNDON JOHNSON'S progressive policies of peace and prosperity . . . our state programs so well begun will be carried to even greater heights. We can expect virtual full employment in Illinois within 18 months . . . we can expect an even greater increase in the development of our economy . . . we can expect Governor Kerner to bend every effort to obtain a new revenue article for the fair and equitable distribution of taxes . . . we can expect further social reforms to the benefit of ALL the people.

Governor Kerner has given Illinois the momentum for prosperity.

STORM SEWERS  
BE IT ORDAINED BY THE  
BOARD OF TRUSTEES OF  
THE VILLAGE OF ANTIOCH,  
ILLINOIS:  
SECTION 1: No person  
shall discharge or cause to  
be discharged any storm  
water, surface water, ground  
water, roof runoff, cooling  
water or unpolluted indus-  
trial process waters to any  
sanitary sewer.  
SECTION 2: Storm water  
and all other unpolluted  
drainage shall be discharged  
into storm sewers or into a  
natural outlet.  
SECTION 3: All storm wa-  
ter drains including roof  
drains, yard drains, area  
drains and surface drains,  
may be connected to storm  
sewers where storm sewers  
are available. If storm se-  
wers are not available, such  
water drains may be em-  
ptied into natural outlets or may be  
run onto the street pavement  
area at the gutter or ditch  
line. In no case shall storm  
water be discharged so as  
to run over a public sidewalk.  
SECTION 4: No person  
shall discharge sanitary se-  
wage or industrial waste wa-  
ter into any storm sewer or  
storm drain.  
SECTION 5: a) Any person  
violating any provision of  
this ordinance shall become  
liable to the Village for any  
expense, loss or damage oc-  
casioned the Village by rea-  
son of such violation.  
b) Any person violating  
any provision of this ordi-  
nance shall be fined not less  
than Five Dollars (\$5.00) nor  
more than Five Hundred  
Dollars (\$500.00) for each of-  
fense. Each day on which  
the violation occurs consti-  
tutes a separate offense.  
SECTION 6: All ordinances  
or parts of ordinances in  
conflict herewith are here-  
by repealed.  
SECTION 7: This ordinance

shall be in full force and ef-  
fect from and after its pas-  
sage, approval and publi-  
cation as provided by law.

AN ORDINANCE  
RELATING TO SPAFFORD  
STREET  
BE IT ORDAINED BY THE  
BOARD OF TRUSTEES OF  
THE VILLAGE OF ANTIOCH,  
ILLINOIS:  
SECTION 1: NO PARKING  
PLACE. It shall be unlawful  
for the operator of any ve-  
hicle to stop, stand or park  
such vehicle in or upon the  
west side of Spafford Street  
within said Village, between  
Lake Street and Harden  
Street, except when neces-  
sary to avoid conflict with  
other traffic or in compli-  
ance with directions of a  
police officer or official traf-  
fic sign or signal.  
Appropriate signs may be  
erected and maintained for  
the purpose of giving notice  
in accordance with this or-  
dinance.  
SECTION 2: IMPOUND-  
ING VEHICLES: A vehicle  
parked or occupying Spafford  
Street in violation of this or-  
dinance may be removed by  
any police officer and con-  
veyed to a vehicle pound. A  
vehicle pound is any suitable  
place located within the Vil-  
lage and designated by the  
Chief of Police as a vehicle  
pound. The owner or oper-  
ator of an impounded vehicle  
may have the vehicle re-  
moved from the pound by  
paying all costs and expenses  
that have been incurred for  
the towing and impounding  
of the vehicle, which shall  
be in addition to any penalty  
and court costs charged or  
assessed against him for any  
violation of this ordinance.  
SECTION 3: PENALTY.  
Any person, firm or corpor-  
ation violating any provision  
of this ordinance shall be  
fined not less than Five Dol-  
lars (\$5.00) nor more than  
Two Hundred Dollars  
(\$200.00) for each offense.  
SECTION 4: REPEAL. All  
ordinances or parts of or-  
dinances in conflict herewith  
are hereby repealed.  
SECTION 5: EFFECTIVE  
DATE. This ordinance shall  
be in full force and effect  
from and after
